***(And a Note from Emma)***

MeliCo began when I was fourteen with a shirt I had embroidered for fun. In a moment of *why not*, I posted that shirt on Etsy. I hadn't even ever shopped on Etsy before.

Within a month, those very shirts were an Etsy Bestseller. All of that support inspired me to expand into more - jewelry, home decor, pins, sewn goods etc. Within a year, MeliCo had four Etsy Bestseller Badges under her belt.

MeliCo is a collection of my handmade projects - like that shirt - that I just can't get enough of making. Every day, I fall more in love with the work I get to do. Its purpose is to grow with me, through the projects I am drawn to, to the lessons I am learning.

The journey MeliCo - and I - have gone on was what made me choose Industrial Design. I cannot imagine working in a world without creativity. **Making projects with my hands and mind has been the most fulfilling, purposeful, joyful thing in my world.**

I've always said if I'm doing projects for a living, I will be a happy camper. And I say that as an already, very happy camper.

**Welcome to my colorful world. If you want to get to know me, MeliCo is the perfect place to start.**

- *The Eras* -

In her almost **five-year lifetime**, MeliCo has grown in and out of different styles and projects.

To me, there are three distinct eras of MeliCo, each with their own defining qualities.

## **The Original MeliCo**

*June 2020 - December 2020*

## **“New Year, New MeliCo”**

*January 2021 - July 2021*

## **A Change of Pace**

*July 2021 - Present*

If you'd like to see a full dive into how MeliCo has evolved over the years, visit [melicoboutique.com/thebrand](https://melicoboutique.com/thebrand).

This portfolio represents work coming from the third era - **A Change Of Pace**.

- Brand Language & Purpose -

**be better.**

“Meli” comes from the word **meliorism** - the belief the world can be made better with human effort.

MeliCo creates with two purposes in mind:

**1) Small Scale:** Create **joyful** moments through **handwritten** thank you notes, extra treats with every order, **compassionate** customer service, **handmade** products, and an unboxing experience you will never forget. Every package should convey a thoughtful awareness that there is a **human** on either side. The goal is to change the mood of someone’s minute. Commerce made human. I don’t do product-thrown-in-a-poly-mailer.

**2) Global Scale:** Use MeliCo’s platform with humanitarian **purpose**; 1) make intentional business choices that are **sustainable** for the planet and support other small businesses, 2) Support communities and organizations whose work aligns with our **values**, that MeliCo, and I, believe fulfill our mission towards “be better”, and 3) to be openly transparent about that financial and physical support.

Just as MeliCo is a collection of artistic projects I create, love, and share, TheMeliProjects are a collection of humanitarian projects I hold dearly to my heart. The following are ways MeliCo reaches out, using her platform with purpose, built on the belief the world can be better with human effort.

## **LOVE YOUR MOTHER (EARTH)**

Sustainability is a step-by-step process, a standard that can, and should, always be improved. That's why MeliCo strive's for progress, not just perfection.

### ***ARemnantProject***

Recycling fabric is not as accessible as one might think - even in Southern California. I now repurpose all of my fabric remnants, whether by donating them to @lucky.deluxe.fabrics (a local secondhand fabric shop) or using smaller scrapes to create new items.

## **Donation Transparency**

As a supporter of MeliCo, you deserve to know where your valuable energy and hard-earned dollars are going. MeliCo discloses a list of the various organizations MeliCo has contributed to, whose missions I support wholeheartedly,

# HONORABLE MENTIONS

## PINS

Made from collected enamel charms, sanded/shaped and epoxied to butterfly pins/clasps.

## DIGITAL MEDIA

I experimented the digital media world briefly by creating a retro-inspired planner.

## VINYL WORK

Designed and cut with the use of a Cricut and vinyl, I created a collection of decal goods including t-shirts, tote bags, and glassware.

## BOOKMARKS

Using assorted patterned paper and cardstock, I have handmade over 25+ variations of laminated bookmarks, all finished with a “melico” gold foil decal.

## MAGNETS

Handmade polymer clay magnets. A summertime craft I started with a young girl I babysit, and ended up being a project that was so incredibly fun to make and is a hit at summer markets.

- The Process -

Cutting fabric, sorting zippers from Wawak, punching tag cards, assembling glass test tube decor, making keychains, and my largest post office drop off, with 71 packages.

- The Process -

Buying fabric, packing ring orders in 2021, making earrings for a market, adding sticker sheets to the back of soft good tags, sorting flower inventory in preparation for photos and stocking, and sewing pouches.

- The Process -

Packing flower orders, finished sewing inventory, first cuts of my own acrylic dinosaur charms, unboxing my new thank you cards for 2025, pricing sticker strategy for market tags, another large drop off of orders to the post office.

### MAKE A PLAN!

Sketch out your vision in the area below!

### MEASUREMENT MATH

### PREPARATION

PREP: 5-10 MIN  
DRY: 20-30 MIN

SUPPLIES NEEDED

Bowl of Soap + Warm Water, Sponge, Towel

OPTIONAL SUPPLIES

Pencil, Eraser, Level, Ruler, Painters Tape, Duster

#### SELECT YOUR AREA

Make sure the area where you are placing the decor is a smooth, flat surface. The adhesive included is for most painted drywall, glass, acrylic, tile, metal, and finished wood. Feel free to plan it out using the area above!

#### SCRUB IT DOWN!

Using the sponge and your solution warm water and dish soap, wipe down the entirety of your surface, scrubbing lightly to remove any dust or built on dirt.

WAIT 20-30 MIN FOR AREA TO DRY

\*Que the Jeopardy Music\* (Psst... check out the puzzle page included to help pass the time!)

#### QUICK CHECK!

Do a quick check for any oil or remaining dust/dirt. If needed, repeat the above steps on the area. Dust the surface if needed.

#### MARK IT UP!

Mark where you want the vials to go. This is all up to you! To make it easier, you might want to measure and mark the placement lightly with a pencil. (Bonus points for using your handy-dandy sketch from above!)

HANDY DANDY TIP!

If you are working with a large area, you can use painters tape to measure out your spacing on a table or floor, as a stencil! Then stick it to the wall, use a level to make sure it's straight, and pencil above your tape-marks on the actual wall and violá!

Planning & Preparation Page

### APPLICATION

APPLICATION: 5-10 MIN  
ENJOYMENT: FOREVER

SUPPLIES NEEDED

FLOWERS, TUBES

#### TUBE TIME!

Remove the pre-setup glass tubes out of the packaging. Carefully set aside. When you are ready, take one glass tube with the adhesive attached, and peel the green side of the adhesive to reveal a sticky side.

#### STICK IT DOWN

Apply the sticky side to your desired place on the wall, making sure it is standing straight. Firmly press for at least 1 minute. This step is important, don't skip it! Repeat for any remaining glass tubes.

#### FLOWER IT UP

Add your flowers!

HANDY DANDY TIP!

Pull the bottom leaves from the stem or trim a few leaves to fit the flowers better in the tubes.

#### ADMIRE YOUR WORK!

Bada-bing, bada-boom, just like that your vision has come to life! Get yourself a refreshment, a snack, and admire your work! You nailed it! Enjoy your new wall! :)

HANDY DANDY TIP!

In case of one of the glass tubes falls during the 8+ hour period, you can place a couple of blankets or towels beneath the area. This will cushion the fall of a glass vial if it does not stick to the surface.

### LEAVE US A REVIEW!!

Bonus points for adding a picture! I LOVE seeing your vision come to life :D  
Again, I truly thank you for your kindness n' support!

Stay in the Know with Melico!

### REMOVAL

RECOMMENDED SUPPLIES

BLOWDRYER, PATIENCE

#### SLOW AND STEADY WINS THE RACE

Be gentle, cautious, and move slow. Remove flowers from the glass tubes, then slowly pull the empty glass tube at an angle. For my fellow cautious folks: Use a blowdryer to warm up the adhesive before you remove it! As the seller, I am not responsible for any damage done as a result of use. Use at your own risk. If you are planning to relocate the tubes to a new spot, I highly recommend you use new adhesive. If this is you, reach out to me! :)

*unboxing  
experience*

## - *The Unboxing Experience* -

When you order something online, 95% of the time, it's simply tossed into a poly mailer—an impersonal result of fast consumerism. **When I started MeliCo, I knew I wanted to challenge that.** Packaging has always been my favorite part, and I put just as much thought into it as I do into the products themselves. **Every detail is intentional, turning unboxing into an experience, not just a transaction.**

Part of the appeal of high-end brands is the experience they create for their customers. **Take Apple, for example—when you buy an Apple product, you're not just unboxing a laptop; you're unveiling each carefully packaged component, one layer at a time.** And then we even keep the boxes, as a memory of that experience.

## - The Unboxing Experience -

Every one of my packages has different layers of unboxing - from the outside packaging, choosing a **box and colorful poly mailers**, whether to include **ribbon and wrapping paper**, to the product packaging with tags and product cards. Every order includes a **handwritten thank-you note**, personally addressed to each customer and **small freebies—candies and stickers**. This is all to make **not only a memorable experience, but a joyful one**.

To me, “Be Better” isn’t just combating global tragedy and passing legislation – **it’s changing the mood of someone’s minute, one gesture at a time.**

That's my goal. I hope to make whoever is on the other side of this screen crack a smile, because you have (without a doubt) already done the same for me. A smile for a smile. I hope that you are excited to run to the mailbox, and grin when you open your package. I hope the sweetness on your tongue, stickers for the child in your soul, and your new knick-knacks radiate the very joy I felt creating them. **Because if any piece makes your day even the teensiest bit more special, or maybe distracts from one of life's troubles for even a moment – that, accomplishes my purpose.**

I'm sitting in my car writing this review because I couldn't wait. I'm in love with these two pouches! The material is amazing and they're perfect. The packing was the best, and there were even a few goodies added. It might not seem like a big deal but it really brightened up my bad day. I'm already looking for something else to buy because I love them so much. Definitely can't wait for my next purchase!

I was so happy with my purchase! I really wanted the quilted bag, but in the size of the smaller bags so I can fit into my purse. The seller was so amazing with communicating with me, and definitely saw the idea that I had! We had such a great conversation and she is, so fun to talk to you and very caring! She got my package out right away and I absolutely love my quilted small strawberry make up bag! And it's perfectly into my bag crescent bag, which was exactly what was looking for

I haven't written a review before, but I absolutely ADORE these pouches. Emma was so kind throughout the ordering process, and her passion for her work really shined! My order arrived early and the packaging and extra goodies she included were so cute and thoughtful! Made my week. Thank you Emma!! ✨
